

Her Excellency Mrs Linda Hurley

## ***Visit to New Zealand***

New Zealand is our neighbour we get along so well  
Both island and indigenous nations many stories to tell  
Together Anzac Cove, Gallipoli they did serve  
Their courage and their mateship our thanks they all do earn

So good we're in New Zealand mild autumn in the air  
Its green and very lush many ferns the beauty share  
There's laughs and jokes and stories our singalongs tunes great  
Two special lands down south we do appreciate

We both have unique animals the kangaroo and kiwi grand  
We've also shared disasters and always lend a hand  
Fires and floods and eruptions help also is there  
But when it comes to sport rivalry is shared

The Aussies and the Kiwis special neighbours we enjoy  
Your kindness and your care its good to be next door
